Subject to above conditions, we make this sale at the moderate prices at which we sell our goods.

FAMOUS NEW PEA.

PIONEER.

In this wonderful new pea we believe we have something that has long been sought after by the market gardener who wishes to second crop his ground. The plant is very robust in habit, makes a very heavy crop of large dark green pods.

In our trial grounds last summer it grew a vine about 16 inches high and they were so heavily podded on dwarf vines that it resembled almost a winrow of picked peas. They are more than a week earlier than Gradus and fully as handsome in appearance.

Pint 35c, Quart 60c, Peck \$3.00.

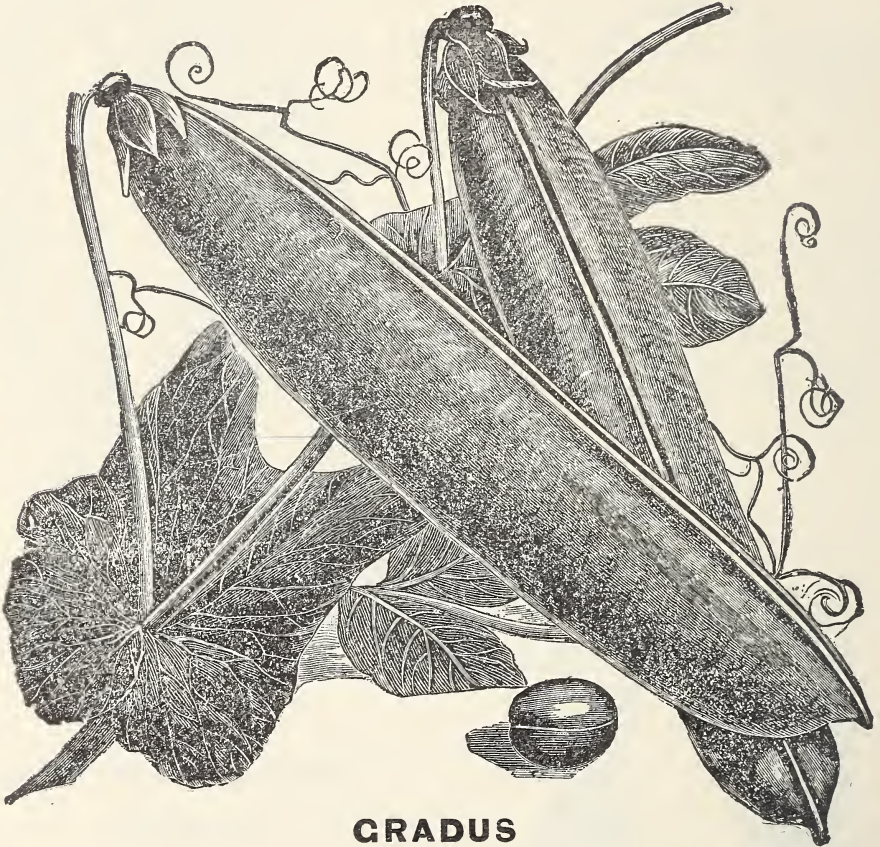

PEAS.

Our PEA SEED is all northern grown, hand picked and field rogued. We have a nice crop this year and prices are correspondingly very reasonable.

SALSIFY, OR OYSTER PLANT.

SANDWICH ISLAND MAMMOTH.

Salsify is one of the most delicious and nutritious of vegetables and should be more generally cultivated for use in winter when the supply of good vegetables is so limited.

Sandwich Island Mammoth This grows uniformly to an extra large size, averaging fully the size and weight of roots of the old variety. The roots, notwithstanding their extra large size, are very superior quality and fine in flavor. A decided improvement on other sort. 5c per pkt.; 20c per oz.; 60c per 1-4 lb.; \$2.25 per lb.

SPINACH SEED.

ROUND THICK LEAVES.

The growing of spinach has become so general and in such large quantities, calling for so heavy a supply of seed, that we import by the ton and sell on a very close margin.

TYING TWINE.

The tying twine, as shown in the accompanying cut, is the cheapest and handiest device for tying of vegetables and also can be utilized for tying cauliflowers in the field, cucumber vines in greenhouses, rhubarb and asparagus, and a thousand and one different uses. This twine is in the form of a loose rope (100 strings in the rope) and wound on a reel the same as barbed wire. In this manner it never becomes snarled and enables one to cut out a hundred strings any desired length instantly.

Price per reel of 50 lbs., 16c per lb. F. O. B. Milford, Conn.

The universal decision with the market gardeners is, once they have it hung in their wash house **THEY WILL NEVER BE WITHOUT IT.** INCLUDE A REEL OF IT WITH YOUR SEED ORDER.
